

SOFTENING ALOE VERA GEL

The cleansing gel opens pores and softens comedones, conducts cold steaming, and prepares the skin before ultrasound or mechanical combined facial cleansing.

It's perfect for cold hydrating (under a mask) before facial cleansing.

It contains Aloe Vera gel and a loosening ionic complex that softens blackheads, reduces oiliness and shine, opens and cleanses pores, and softens the epidermis, making subsequent cleansing easy and high-quality.

Additionally, the gel for hardware procedures serves as a conductive medium for galvanic iontophoresis with unique moisturizing and regenerative properties.

The gel is suitable for all skin types and conditions, including sensitive skin.
5-10ml per procedure.

- OPENS AND CLEANSSES PORES
- SOFTENS COMEDONES
- REDUCES INFLAMMATION
- ENHANCES ULTRASOUND PENETRATION INTO THE SKIN
- MOISTURIZE
- EVENS OUT TONE AND TEXTURE

ALOE VERA

Aloe vera is classified as a protective ingredient in skincare. It contains polysaccharides, anthraquinone glycosides, gellonins, chromones, phytoncides, amino acids, essential oils, vitamins, and enzymes, which provide it with immune-boosting, anti-inflammatory, moisturizing, and soothing properties.

CLEAR SKIN FACIAL TREATMENT

RADIANCE AND SKIN HEALTH

ENJOY YOUR BEAUTY ROUTINE

INDICATIONS:

- Clients with various skin types seeking a deep cleanse, exfoliation, hydration, and improved skin texture.

RESULT:

- The treatment results in deeply cleansed pores, exfoliated and brighter skin, enhanced hydration, improved texture, minimized pore appearance, leaving the skin refreshed, rejuvenated, and radiant.

STEP 1 WELCOME AND DIAGNOSIS	<ul style="list-style-type: none">■ Welcome your client.■ Explain the treatment, conduct a consultation, perform a preliminary skin diagnosis, and ensure their comfort on the treatment bed.	5 min
STEP 2 INTENSE CLEANSING	<ul style="list-style-type: none">■ With gentle circular motions, apply Silky Cleansing Milk to remove makeup and impurities from the face, eyes, lips, and neck.■ Rinse off the remaining cleansing milk with damp mittens.	5 min
	PRODUCT: CARELIKA Silky Cleansing Milk (5ml)	
STEP 3 EXFOLIATING	<ul style="list-style-type: none">■ To enhance the cleansing effect and prepare the skin more effectively, apply an enzymatic peel.■ Mix 1 g of Enzymatic Powder with a small amount of water and whisk the powder into a fluffy foam using a fan brush.■ Apply evenly with the brush to the face and neck, and you can perform a relaxing brush massage for about 5 minutes.■ If the skin is more porous, the enzymatic powder can be replaced with an abrasive peel.	7 min
	PRODUCT: CARELIKA Enzymatic Cleansing Powder (1g)	
STEP 4 PRE-TREATMENT SOFTENING OF THE EPIDERMAL LAYER OF THE SKIN	<ul style="list-style-type: none">■ Apply the softening gel evenly to the face, avoiding the eye area.■ Leave on for 10-15 minutes.■ To reduce exposure time, cover with plastic wrap or a disposable polyethylene mask.	10 min
	PRODUCT: CARELIKA Softening Aloe Vera Gel (5ml)	

<p>STEP 5 FACIAL CLEANSING (ULTRASONIC OR MANUAL)</p>	<ul style="list-style-type: none"> Gradually remove the film, starting from different areas of the skin, and cleanse the skin with an ultrasonic scrubber. Rinse off any remaining gel thoroughly with lukewarm water. Refresh the skin with a toner. 	
<p>STEP 6 SOOTHING AND PORE MINIMIZING POST- CLEANSING FACE MASK</p>	<ul style="list-style-type: none"> Complete the ultrasonic cleansing treatment by applying a pore tightening mask and then tone the skin afterward. 	
<p>STEP 7 FINAL CARE</p>	<ul style="list-style-type: none"> Complete the procedure by applying a facial cream suitable for the client's specific skin type. 	
<p>STEP 8 RECOMMENDED HOME RITUAL</p>	<ul style="list-style-type: none"> Provide the client with a list of recommended skincare routines for home use.
